

# WIRRA®

P R O T E C T S L I F E

The ultimate in medium/high cut resistance comfort and safety. The ULTR-X LDXN is designed for superior tactility and dexterity. Made from 18gg Goldsilk® PLUS composite yarn and a silky Superfine HPPE liner free from glass fibre, steel, or any abrasive reinforcements that could irritate the skin. The microfoam nitrile palm coating offers excellent grip in wet, dry, and oily conditions.

## APPLICATIONS

For general work that has exposure to mid to high level cutting hazards.
